

The Members' Pathway

A guide to help Lodges attract, introduce and retain members

The United Grand Lodge of England launched the 'Members' Pathway' in 2017. This guide is designed to help individual Lodges find and attract new members and ensure that anyone joining the organisation has a clear understanding of what our values are and what the expectations of membership will be from both sides.

Perhaps more importantly, it also provides guidance on how to ensure that current members are getting the most out of their Masonic experience – the best ambassador for Freemasonry is a happy, productive Freemason!

The Provincial Grand Mentor and Provincial Membership Officer regularly carry out presentations on the Members Pathway, explaining how it can be implemented and used effectively in Cornwall.

Their next presentations will be at

KING ARTHUR Lodge on Friday 13th March

and

ST PETROCS Lodge on Tuesday 7th April.

Booking details can be found on the Provincial Website.
